

REBEL AC/DC IS THE ONLY INDUSTRIAL TRUE ALL-PROCESS MACHINE – PERIOD.

Rebel is packed full of all the AC/DC TIG features that you'd expect in an industrial-grade welding machine. Don't let the posers fool you - there's no match for the all new Rebel EMP 205ic AC/DC. Check out the full-featured MIG, Stick and AC/DC TIG functions and see how we stack up:

Multimatic 220 AC/DC

FEATURES	REBEL EMP 205ic AC/DC	Multimatic 220 AC/DC
Machine Class	IP23 (Industrial-grade, designed for outdoor use)	IP21 (Home hobbyists and small shops)
Output Range	5A – 235A	20A – 230A
No compromise MIG, Stick, TIG performance	YES	Limited, not capable of running 6010 electrodes
Balance Control Range	60% - 90%	Limited, 60%-80%
Frequency Adjustment Range	25 - 400Hz	Limited, 60 – 150Hz
Pulsed TIG-DC	Up to 500PPS	Limited, up to 150PPS
Amplitude Offset	YES	NO
sMIG Adaptive Technology	YES	NO (fixed values only w/Autoset)
TFT Interface	Advanced (built-in user manual, welding parameters, process settings, multi-lingual, memory, etc.)	Limited
Voltage Range	90V – 270V	120V -230V
Weight	49 LBS	56 LBS

The competitive product shown above is comparable to the ESAB product shown above and may not be equal in chemistry, operational characteristics or performance. Comparisons are only approximate and do not constitute a guarantee.
